

Add logo to bottom of login pages

How can I add a logo to the bottom part of the login and error pages?

Step-by-step guide

To add a logo to the bottom part of the login and error pages, use the custom CSS function described in detail in the Ubisecure SSO Login UI Customization document.

An example #footer code is given below:

#footer

```
#footer {  
    background-image: url("https://ubilogin.ubisecure.com/extranet/css/images/logo.png ");  
    background-position: center center;  
    background-repeat: no-repeat;  
    padding-top: 150px;  
    text-align: center;  
}
```
